ABOUT ME

Bachelor Engineer of Traffic and Communication Engineering, specializing in Computer Information Technologies. IT enthusiast, interested in engineering, software and web development and marketing.

EDUCATION AND TRAINING

[01/10/2019 – 13/02/2024]

University education

Faculty of Traffic and Communications, Department of Computer Information Technology

Address: Sarajevo

[01/09/2015 – 31/05/2019]

High school

Elči Ibrahim-pašina medresa

Address: Travnik

WORK EXPERIENCE

[17/12/2021 – 05/03/2022]

Internship as Software Engineer

Infinity Mesh

City: Sarajevo
Country: Bosnia and Herzegovina
Started expanding my knowledge in C++ by doing tasks and learning design patterns. Later, after I proved that I am good at C++, I was transferred to C# and SQL, where I learned to use .NET Core 3.1 framework.

[15/06/2022 – 30/08/2022]

Internship as Full-stack developer

Infinity Mesh

City: Sarajevo
Continue to work on the .NET Core 6 framework and learn Angular. I made background for news web app and frontend with Angular.
